GREAT OUTDOORS VISITS THE NORTH RIM OF THE

Grand Canyon

Join us for the adventure on the beautiful **OTHER SIDE**. You haven't experienced the Grand Canyon until you visit the North side of this awesome place. Hiking trails that take you to the very edge of canyon walls. Trails that take you out on dizzying points that drop off thousands of feet. This is a hikers dream. The North Rim is much higher than the south Rim. So it is cooler and the pine forest are thicker. The meadows are sweeping. You must bring your camera and binoculars. There are a lot of roaming animals to view.

The North Rim lodge was built on a cliff. You get an awesome view Looking out the main window at the South side. You will be amazed when you look down from this window 2000 feet below. Enjoy a libation on the patios built on the edge beside the Lodge. The Lodge offers daily meals at reasonable prices. There are additional sandwich places. At the campsite there is a store and showering facilities.

Date: July 19 to July 26 | Sat – Sat | We have limited reservations for eight sites. Most sites may have six people and three tents with RV's. Two tent sites still limited to six people per site. *First come first serve so don't delay!*

These are some of the spectacular sites you will see while on the North Rim. The hiking trails are many and most easy. For the experts there is the trail to the bottom offering many unforgettable sights. You won't forget the trails that wonder along the cliffs. On the North side you get involved with the canyon that you don't experience on the South side. Because of the elevation you will not have the heat

you have on the South side. So get ready to join in on another fantastic Great Outdoors adventure.
